Product Description

The encapsulated Filters are designed for use in a twin filter configuration with the JSP Ltd. Force® 8 Half Mask and Force® 10 Full Face Mask.

These Cartridges have been developed to reduce the level of particulate contaminants to a level below that of the published occupational or workplace exposure limits.

The product assessment was based on BS EN 14387:2021, the English language version of EN 14387:2021, respiratory protective devices – gas filter(s) and combined filter(s).
